Module last_blog_posts

This module shows the last blog posts.

This is a stub. Some screenshot is needed

Parameters

Lists the specified number of blogs posts from newest to oldest.

Go to the source code

Preferences required: feature_blogs

Parameters	Accepted Values	Description	Default	Since
`nodate`		If set to "y", the date of posts is not displayed in the module box. Default: "n".		
`blogid`		If set to a blog identifier, restricts the blog posts to those in the identified blog. Example value: 13. Not set by default.
