New in Tiki19

Introduction

Slideshow is upgraded in Tiki19 and Plugin SlideShowSlide is a part of the upgrade. Plugin SlideShowSlide is used to customize any individual slides in a slideshow. For example if you want to have a different background of a slide from the global settings then you will use Plugin SlideShowSlide.

1.2. Parameters

Introduced in Tiki 19.
Preferences required: wikiplugin_slideshow, feature_slideshow

<table>
<thead>
<tr>
