

This page is [obsolete](#)
Directory Img Files

All of the icons shown in the following image are located in the **img** directory.

0				
clip.gif		css1.png	flagged.gif	google.gif
G				
googleg.gif	html.png	leftbar.gif	mainbar.gif	mysql.gif
pear.png	php.gif	php.png	replied.gif	
	RSS			
rightbar.gif	rss.png	smarty.gif	stop.jpg	stop2.jpg
tiki.jpg	valid-xhtml10.png			

These files can be displayed with the following syntax:
{img src=img/NAME} where NAME is the name of the file.

Note: Punctuation is important! The difference between Img and img may seem minor - but - the difference is **File Not Found**
