

Module `freetags_morelikethis`
When viewing a wiki page, this [Module](#) displays a list of other wiki pages that have at least a given number of tags in common with the page being viewed. The feature [Freetags](#) must be activated. This module will be hidden when viewing objects other than wiki pages.

Usage
You will see it listed at *Admin > Modules > Assign new module > `freetags_morelikethis` (drop down) (`tiki-admin_modules.php`)*.

You can assign a this [Module](#) to a lateral column (See [Module Admin](#) page if needed), or you can include it within a wiki page, using the [PluginModule](#). The assigned module looks like the example shown to the right.

Admin Options

In the Admin:Freetags page (`tiki-admin.php?page=freetags`), there are two option controls for this module in the "Tag Management" section, shown below.

Tag Management

Cleanup unused tags:
