Preferences required: wikiplugin\_memberlist

| Parameters            | Accepted Values           | Description                                                                                      | Default   | Since |
|-----------------------|---------------------------|--------------------------------------------------------------------------------------------------|-----------|-------|
| <b>groups</b>         | groupname<br>separator: : | List of groups to handle through the interface (use * for all). Semi-colon separated.            |           | 4.0   |
| including             | groupname                 | Only groups including the group that you specify will be listed                                  |           | 8.0   |
| max                   | digits                    | Maximum number of users to list in each group (default 100).                                     | 100       | 8.0   |
| membersOnly           | username                  | Show only groups containing a certain user. Enter to show groups for the current logged-in user. |           | 8.0   |
| sort_mode             | text                      | Sort mode for member listing.                                                                    | login_asc | 8.0   |
| showDescriptions      | (blank)<br>y<br>n         | Display group descriptions below list name.                                                      | n         | 8.0   |
| displayMode           | (blank)<br>tabs           | How to show the member lists.                                                                    |           | 8.0   |
| email_to_added_user   | (blank)<br>y<br>n         |                                                                                                  | n         | 14.0  |
| email_to_removed_user | (blank)<br>y<br>n         | Email notification to removed user                                                               | n         | 14.0  |
| readOnly              | (blank)<br>y<br>n         | Read only mode. All ability to modify membership is hidden.                                      | n         | 8.0   |

|              |                           |                                                                                                                                                             |   |     |
|--------------|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|---|-----|
| defaultGroup | (blank)<br>n<br>both<br>y | Adds possibility to set group as default group. This automatically adds the user to the group. "Required" option will not propose simple addition in group. | n | 9.2 |
|--------------|---------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|---|-----|

Code

**inline plugin only - the groups parameter is required**

```
{memberlist groups="Editors:Authors" parameter2="value2" paramenter3="value3"}
```
