- How to retrieve original files stored in Tiki
- Tutorial - Goals
- Tutorial - User Notifications
- Automating business processes
  - Example business process description
- Tutorial - Display Tracker Data with Plugin List
- Tutorial - HowTo Create a Sitemap

The tutorials are one or two documents with a lot of graphics to guide you in simple tiki operations. They are not a replacement of the Documentation but will help you get started quickly, especially if you are a user and not an administrator.
Print them out as individual sheets, they are great for easy reference.
