Forums

Forums are one of the most frequently used features in a Tiki website set up for collaborative use. A forum can be either self-contained, or can be the discussion venue for wiki pages (each page can have an associated forum thread).

Overview

This page and the linked-to subpages describe how to configure and use the Forums feature.

To access

Click the **Forums** icon 📣 on the Admin Panel

or

Bugs and Wishes

× Forum thread screenshot
Documentation

- Forum User
  
  *What is the forum and how to use it?*

- Forum Management
  
  *For forum moderators, who have advanced permissions*

- Forum Admin
  
  *Initial and general setup*

- Forum and Mailing List Synchronization
  
  *How to set up a mailing list and forum so discussions take place in both*
