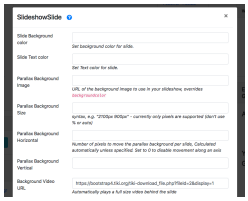
Added in Tiki19 this is a complementary plugin to the slideshow plugin to allow fine tuning per slide.

Introduction

Slideshow has been upgraded in Tiki19 and Plugin SlideShowSlide is a part of the upgrade.
The plugin SlideShowSlide is used to customize any individual slides in a slideshow. For example if you want to have a different background of a slide from the global settings then you will use Plugin SlideShowSlide.



1.2. Parameters

Advance plugin to add slide in slideshow with different background colors, background video, transition and other settings.
