Troubleshooting Tiki Wiki, Requirements and Server settings

[Bernard Sfez / Tiki Specialist](#) - Thu 13 Jan, 2022

Description

In this Tiki Express Tutorial we'll see together where to find Tiki Requirements, how we can display php, mySQL and the servers settings from Tiki23. This is the first of a mini-series to help admin when their Tiki is not working as expected.
In this TikiWiki tutorial we will focus on requirements and Tiki server check.
