Clean URLs with Lighttpd

Draft rewrite rules for Tiki on lighttpd. This is a starting point for testing and further development of the rules. Please adapt to your site and test thoroughly that they work and are complete; and use at your own risk.

Add to lighttpd configuration file

```sh
$HTTP["host"] = "(www.)?example.com" {
  url.rewrite-once += (
    # TIKI
    # Allow all normal files
    "^.[\s\S]*\.(css|gif|jpg|png|php|html|js|htm|shtml|cgi|sql|php[EXT]|txt|html|ico|swf)(\?.*)?$" => "$0",

    # direct one-word access - is the / needed?
    "^(img|trackers)/.*$" => "$1",
    "calendar" => "/tiki-calendar.php",
    "^articles$" => "/tiki-view_articles.php",
    "^blogs$" => "/tiki-list_blogs.php",

    # The following supports up to seven merged calendars; most to least.
    "^cal([0-9]+)$" => "/tiki-calendar.php?calIds[]=$1&calIds[]=$2&calIds[]=$3&calIds[]=$4&calIds[]=$5&calIds[]=$6&calIds[]=$7",

    "^categories$" => "/tiki-browse_categories.php",
    "^chat$" => "/tiki-chat.php",
    "^contact$" => "/tiki-contact.php",
    "^directories$" => "/tiki-directory_browse.php",
    "^dirlink([0-9]+)$" => "/tiki-directory_redirect.php?siteId=$1",
    "^faqs$" => "/tiki-list_faqs.php",
    "^filelist$" => "/tiki-list_file_gallery.php",
    "^forums$" => "/tiki-forums.php",
    "^galleries$" => "/tiki-galleries.php",
    "^login$" => "/tiki-login_scr.php",
    "^logout$" => "/tiki-logout.php",
    "^register$" => "/tiki-register.php",
};
```

2013-06-19 A PHP route.php file now replaces the rewrite rules from _htaccess
http://sourceforge.net/p/tikiwiki/code/44661/ for Tiki11 so the instructions below can be vastly simplified. We are looking for a volunteer to do this and to commit a default to the main code base.
