

This page [needs review](#)

# Current Activity Module

This [module](#) displays the current activity of users (in the list, it displays the type of activity, the name of the activity and the names of all the users who modify a page or a tracker).

## Parameters

Display users who are currently editing a page or a tracker.

[Go to the source code](#)

Parameters
<i>no parameters</i>

As of [Tiki24](#), the module can display two activities :

1. Wiki Page
2. Tracker

## Usage

To use this module in a wiki page:

### Left or Right Column

There is an **Advanced** configuration, you can specify whether the module will be placed in the left or right column.

### In the Text Area

This [PluginModule](#) code:

**Placing the Current Activity Module in the Text Area, It takes the whole column**

```
{MODULE(module=>current_activity)}{MODULE}
```
