

Plugin Object Hits

Use this [wiki plugin](#) to display the number of hits for a wiki page, article, image gallery, file gallery and individual images or files in a gallery. The total number of hits can be displayed or the number of hits over the past x number of days.

Parameters

Display the number of hits for certain objects

Introduced in Tiki 1.

[Go to the source code](#)

Preferences required: wikiplugin_objecthits

Parameters	Accepted Values	Description	Default	Since
