Plugin Subscribe Groups

Introduced in Tiki2

If you have allowed users to subscribe themselves to groups, you can use this wiki plugin to allow them to subscribe/unsubscribe to a list of groups. Please see PluginSubscribeGroup for a related plugin that allows a user to subscribe/unsubscribe to a single group.

Security and permissions

- A user must have the perm `tiki_p_subscribe_group` to be able to see the box
  To set this permission go to Settings > Groups
- The group must be set as being a **user choice**
  To set this configuration go to Settings > Groups

Parameters

*Introduced in Tiki 2.*

*Preferences required: wikiplugin_subscribegroups*
