This page, and pages like it should be moved to the Community site. This site is to document Tiki

The Tiki Developer Community communicates by text chat 24 hours per day, 7 days in week on IRC. This is one of the ways to get Help (but generally not the first). If you are not familiar with IRC channel etiquette we suggest spending a few minutes to acquaint yourself before your first session.

This link may work in your browser: irc://irc.freenode.net/tikiwiki (Mozilla or Firefox with Chatzilla or Internet Explorer with mIRC installed.)
