User Wizard

This wizard will help users to fill in the main settings for their accounts in that website. Depending on the features enabled by the site admin, users will have more or less options available.

Enable the feature

The User Wizard feature can be enabled at:

- "Admin home > Community > User Features > User Wizard" (tiki-admin.php?page=community)
  or at the Admin Wizard:

- "Configuration Wizards > Admin Wizard > Set up User & Community features > User Wizard" (tiki-wizard_admin.php?&stepNr=17&url=index.php)

Screens

Some of the screens shown to the user (when all the corresponding features are enabled beforehand by an admin):

Welcome to the User Wizard

The wizard will help you fill in data and main settings for your account in this website. Depending on the features enabled by the site admin, you will be offered more or less options. If you can't set up your user preferences (real name, keep your information public or private, time settings...), you will need to ask the site admin to enable the user preferences feature.

Click to expand

![User Preferences: Personal Information](image)
Since Tiki12.2, a new screen is shown to let the user read some custom information provided by the site admins and let the user add some extra details.
If you are a tiki site admin, you can learn how to set up this "User Details" extra screen:

- User Wizard - Set up the User Details screen
