User Wizard

This wizard will help users to fill in the main settings for their accounts in that website. Depending on the features enabled by the site admin, users will have more or less options available.

Enable the feature

The User Wizard feature can be enabled at:

- "Admin home > Community > User Features > User Wizard" (tiki-admin.php?page=community)
  or at the Admin Wizard:
- "Configuration Wizards > Admin Wizard > Set up User & Community features > User Wizard" (tiki-wizard_admin.php?&stepNr=17&url=index.php)

Screens

Some of the screens shown to the user (when all the corresponding features are enabled beforehand by an admin):

Click to expand

Welcome to the User Wizard

This wizard will help you fill in data and main settings for your account in this website. Depending on the features enabled by the site admin, you will be offered more or less options. If you can't set up your user preferences (real name, keep your information public or private), time settings, ... you can request the site admin to enable the user preferences feature.

User Wizard

Welcome to the Tiki User Wizard

The user wizard will help you set up your personal Tiki preferences. Click at the "Start" button above to launch it.

If you don't want to run the wizard, you can close it using the button below, or use the "Close" button on top (available on all wizard pages).

Click the wizard.

Tiki version 12.9rev. To learn more about this Tiki release, go to TIKI.ZZ.

Click to expand

User Preferences: Personal Information

Set up your basic information as a user on this site.

User

Real Name: System Administrator
Avatar: Pick user Avatar
Country: Cuba
Homepage URL:
User information: Public

Click to expand
Since Tiki 12.2, a new screen is shown to let the user read some custom information provided by the site admins and let the user add some extra details.
If you are a tiki site admin, you can learn how to set up this "User Details" extra screen:

- User Wizard - Set up the User Details screen
