## Mod clock

**Mod clock** is a very neat borderless module holding a ticking clock.

## Install

See Mods Admin for instructions on how to install a Mod.

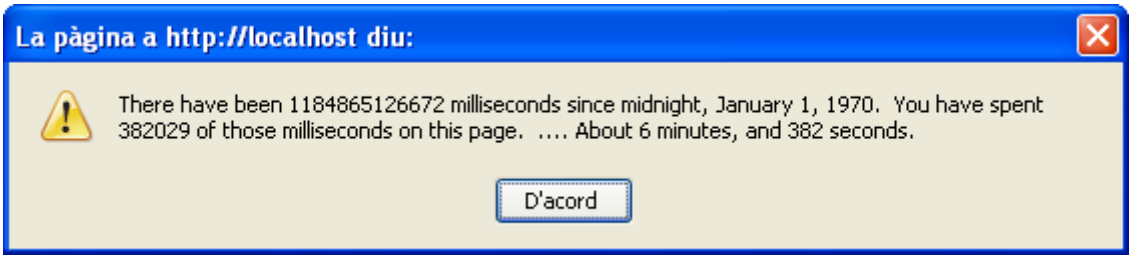
## Usage

Once installed, you will see it under "Admin > Modules" (**tiki-admin_modules.php**):

You can assign a this Module to a lateral column (See Module Admin page if needed), or you can include it within a wiki page, using the PluginModule.

The assigned module looks like this:

And if you click on the button with the time, you will get some message like this:



See Mod worldclock to get another type of clock on you tiki site.

- Mod worldclock - another type of clock
