Satisfied users

User satisfaction survey results

91.22%

The screenshot shows a web application interface for BigBlueButton. The top navigation bar includes 'Fonctionnalités', 'Requiemnts', 'Télécharger', 'Installer', 'Backup', 'Mise à jour', and 'Aide'. The main content area is divided into several sections: 'Liens vedettes' with links to Tiki Video Tutorials, Tiki for Smarties, and Tiki Essentials; 'Lettre de nouvelles Tiki' with a 'Delivered fresh to your email' notification; and a 'Contribute to Tiki. Make a donation!' button. A central 'Example' section displays a gauge chart showing 'Satisfied users' at 91.22%. The gauge is a green bar with the percentage '91.22%' next to it. Below the gauge, there is a table with columns for 'hex code' and 'nom de couleur'. The table contains one row with the following data: 'hex code' is '0000FF' and 'nom de couleur' is 'bleu'. The table also includes a 'Plugin Group' dropdown menu with 'Parameters' and 'Exemple' options. The bottom of the interface features a 'Créer par' section with 'Éditer', 'Recommencer', 'Historique', 'Source', 'Commentaires', 'Fichiers', and 'Plus' buttons. A file upload section at the bottom right has a 'Choisir un fichier' button and a message 'Aucun fichier n'a été sélectionné'.
