Plugin Object Hits

Use this wiki plugin to display the number of hits for a wiki page, article, image gallery, file gallery and individual images or files in a gallery. The total number of hits can be displayed or the number of hits over the past x number of days.

Parameters

Display the number of hits for certain objects
Introduced in Tiki 1.
Go to the source code
Preferences required: wikiplugin_objecthits

Parameters	Accepted Values	Description	Default	Since
`days`	digits	Show the number of hits over the past number of days indicated. Default is to show all hits.	0	1
