Feeds Admin page showing the 'Feeds' tab. The page is titled 'Feeds' and has a 'No tabs' button in the top right. The 'Articles' feed is selected and expanded, showing configuration options: 'Title: Tiki RSS feed for articles', 'Article RSS Description: Last articles.', 'Maximum number of items to display: 10', and a 'Show Author' checkbox. Below this, a list of other feed types is shown, each with a checkbox and a 'Requires' note: 'Blogs' (Requires Blog (OK)), 'Individual Blogs' (Requires Blog (OK)), 'Image galleries' (Requires Image Gallery), 'Individual Image galleries' (Requires Image Gallery), 'File galleries' (Requires File Gallery (OK)), 'Individual file galleries' (Requires File Gallery (OK)), 'Wiki' (Requires Wiki (OK)), 'Forums' (Requires Forum), 'Individual Forums' (Requires Forum), 'Trackers' (Requires Tracker), 'Individual trackers items' (Requires Tracker), 'Calendar events' (Requires Calendar), 'Directories' (Requires Directory), 'Maps' (Requires Map), 'Shoutbox' (Requires Directory), 'Maps' (Requires Map), and 'Shoutbox' (Requires Shoutbox). A 'Change preferences' button is at the bottom right of the form.
