

Mod calculator

calculator is a Kewl little calculator for your right or left column within TikiWiki

Install

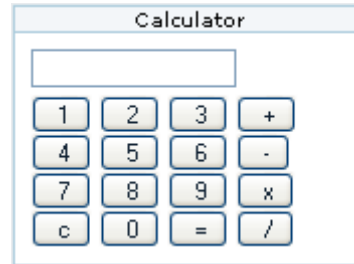

See Mods Admin for instructions on how to install a Mod. This mod is called **calc**

Usage

Once installed, you will see it under "Admin > Modules" (**tiki-admin_modules.php**):

You can assign a this Module to a lateral column (See Module Admin page if needed), or you can include it within a wiki page, using the PluginModule.

The assigned module looks like this:

And you can compute simple mathematical operation with it.
