

Plugin Add to Cart

Use this [wiki plugin](#), introduced in [Tiki5](#), to display a button for adding one or more items to the shopping cart. The shopping cart is displayed and accessed using [Module Cart](#). Once the order is placed in the shopping cart, the user is taken to [Payment](#).

PARAMETERS

Add a product to the shopping cart.

*Introduced in Tiki 5. Required parameters are in **bold**.*

[Go to the source code](#)

Preferences required: `wikiplugin_addtocart`, `payment_feature`

Parameters

Accepted Values

EXAMPLE

This code,

```
{addtocart description="Panama Hat" code="A150" price="45.00"}
```

Would produce:

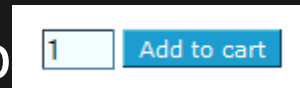

(screenshot)

The add to cart button would typically be used along with item information like below:

Panama Hat

\$45.00%%%

Note

The description, inventory code and price are passed to the shopping cart when the add to cart button is clicked.
