

# Plugin Twitter

*Introduced in Tiki7*

Use this [wiki plugin](#) to display the activity for a Twitter account.

## PARAMETERS

Display the activity for a twitter account

*Introduced in Tiki 7. Required parameters are in **bold**.*

[Go to the source code](#)

*Preferences required:* wikipugin\_twitter

## Parameters

**tweet**

---

## Accepted Values

text

## Description

Depends on the type of timeline (Users, Collections, Favorites or Lists). For a User, it is the Account Name (like `twitterdev`), for Favorites, something like `twitterdev/favorites`. For lists, something like `twitterdev/lists/listname`, etc.

<b>Default</b>	<b>Since</b>
