Community Goal

- The ultimate case-study, "All you can eat your own dogfood", this team is responsible to manage our online community.
- tiki.org is not just a website, it's a bunch of people who help each other in development.

We are

- the tiki.org web community
- in regular irc sessions on freenode servers [#tikiwiki](#). come join us!

- active user and developers mailing lists on sourceforge.net
- running tiki websites all around the world

Please participate!

Look up your longitude & latitude! and **enter your location in your Personal Information tab in [User Preferences](#)**! Once

you add your coordinates, please drop by [the IRC chatroom](#) and ask an admin to regenerate the maps.

If you are interested in more detail about this feature, read up on Tiki [Map](#) feature!

If you are not on that list and are member of the Tiki community, please contact an admin to be added.

Operation is manual for now, working on its automatisisation ..
