Click to make a financial donation to the Tiki Association. See <http://tiki.org/Donation> for more informtion.

Note: Tiki is Free and Open Source Software (FOSS). You *do not* have to pay to use Tiki.

A screenshot of the 'Connect' page in Tiki. The page has a light blue header with the word 'Connect' and a small globe icon. Below the header is a 'Tip' box with a light blue background and a small icon of a book. The tip text says: 'Tiki Wiki CMS Groupware is Free and Open Source Software (FOSS). It is a community-driven project which exists and improves thanks to the participation of people just like YOU. Join the community!'. Below the tip box are three sections, each with a title and a text input field. The first section is 'Promote your site' with the text 'To submit your site to Tiki.org: [Submit site](#)'. The second section is 'Help Tiki spread' with a checked checkbox and the text 'Add a Powered by Tiki link on your site's footer' and 'Requires Bottom bar (OK)'. The third section is 'Help improve Tiki' with the text 'To submit a feature request or to report a bug: [Click here to go to our development site](#)'. At the bottom of the page is a blue button with the text 'Change preferences'.
