Country Selector

One of the Selector Tracker Fields, the country selector is a field in a tracker that refers to a country. The country selection will be done by selecting a country in a drop down list.

<table>
<thead>
<tr>
<th>Options</th>
<th>Explanation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 or 2</td>
<td>1 displays only country name, 2 displays country name and flag</td>
</tr>
</tbody>
</table>

Display limitation:
tikiwiki>=1.10
If you want to display only some countries for a country selector field, you can check the list you want while defining the field.

Alias:
- Country Selector Tracker Field
