

# Plugin Colorâ Box

This [wiki plugin](#), introduced in [Tiki5](#), is used to display one image of a file gallery or image gallery and when you click on it, it opens a popup/slideshow of all the images of the same gallery. The slideshow is done by the [colorbox](#) library.

## Parameters

Display a gallery of images in a popup slideshow

*Introduced in Tiki 5.*

[Go to the source code](#)

*Preferences required:* feature\_file\_galleries, feature\_shadowbox, wikiplugin\_colorbox

## Parameters

galId

sort\_mode

## Accepted Values

ID

`fieldname_asc` or `fieldname_desc` with actual database  
field name in place of `fieldname`.

## Description

ID number of the image gallery that contains the images to be displayed

Sort by database table field name, ascending or descending. Examples: `fileId_asc` or `name_desc`.

# Example

*This code:*

```
{colorbox fgalld="6" thumb="y"}
```

*Would produce on this site:*

## Tips

- To have a localized description, you can use the param parsedescriptions and use  
{LANG(lang=en)}xxxx{LANG}{LANG=fr} }yyy{LANG}
- Users require the permission `tiki_p_view_file_gallery` on the file legal referenced in the plugin.
