

Plugin Report

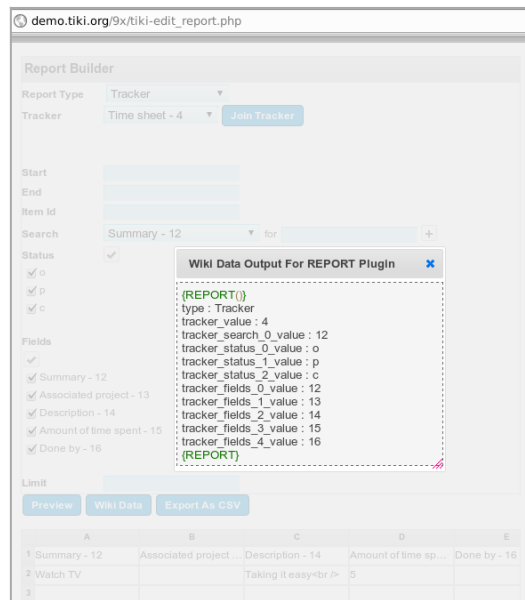

Introduced in [Tiki9](#), use this [wiki plugin](#) to build a [Report](#), store it in a wiki page, and edit it from the page itself.

Parameters

Tiki Doc From Code error: reportplugin not found

Examples

Example of code to use for a report, generated from the edit report interface:

The screenshot shows the 'Report Builder' interface in a browser window titled 'demo.tiki.org/9x/tiki-edit_report.php'. The interface includes a 'Report Type' dropdown set to 'Tracker', a 'Tracker' dropdown set to 'Time sheet - 4', and a 'Join Tracker' button. There are input fields for 'Start', 'End', and 'Item Id'. A 'Search' field contains 'Summary - 12'. A 'Status' section has a checked checkbox. A 'Fields' section has several checked checkboxes: 'Summary - 12', 'Associated project - 13', 'Description - 14', 'Amount of time spent - 15', and 'Done by - 16'. A 'Limit' field is present. At the bottom, there are buttons for 'Preview', 'Wiki Data', and 'Export As CSV'. A modal window titled 'Wiki Data Output For REPORT Plugin' is open, displaying the following code:

```
;REPORT();  
;type : Tracker  
;tracker_value : 4  
;tracker_search_0_value : 12  
;tracker_status_0_value : o  
;tracker_status_1_value : p  
;tracker_status_2_value : c  
;tracker_fields_0_value : 12  
;tracker_fields_1_value : 13  
;tracker_fields_2_value : 14  
;tracker_fields_3_value : 15  
;tracker_fields_4_value : 16  
;REPORT()
```

Below the modal window, a table is visible with columns A, B, C, D, and E. The first row contains: 1 Summary - 12, Associated project ..., Description - 14, Amount of time sp..., Done by - 16. The second row contains: 2 Watch TV, Taking it easy
, 5. The third row contains: 3.
