Plugin Subscribe Groups

Introduced in Tiki2

If you have allowed users to subscribe themselves to groups, you can use this wiki plugin to allow them to subscribe/unsubscribe to a list of groups. Please see PluginSubscribeGroup for a related plugin that allows a user to subscribe/unsubscribe to a single group.

Security and permissions

- A user must have the perm tiki_p_subscribe_group to be able to see the box To set this permission go to Settings > Groups
- The group must be set as being a user choice
 To set this configuration go to Settings > Groups

X

▲ Security Caution

Using this plugin, any registered user will be able to access any group provided that the group has "User Choice" checked in the settings for the group at **Settings > Groups**.
