

# Plugin User Count

This [Wiki Plugin](#) displays the number of users for a site, group, or multiple groups (since [Tiki14.1](#)), on the site.

## Parameters

Display number of users for a site or one or more groups

*Introduced in Tiki 1.*

[Go to the source code](#)

*Preferences required:* wikiplugin\_usercount

Parameters	Accepted Values	Description	Default	Since
(body of plugin)		Group name. If left blank, the total number of users for the site will be shown.		
<code>groups</code>	groupname <i>separator:</i> <code>:</code>	List of colon separated groups where a consolidated user count for multiple groups is needed. Users in multiple groups are counted only once. If left blank then the behaviour is defined by the body parameter settings.		14.1

## Examples

### Entire site

*This code:*

```
{usercount}
```

*Would produce on this site:*

11495

### Single group

By specifying the group `Admins`, the number of users in the `Admins` group will be displayed.

*This code:*

```
{USERCOUNT()}Admins{USERCOUNT}
```

*Would produce on this site:*

34

### Multiple groups

*This code:*

```
{usercount groups="Admins:Team Developers"}
```

*Would produce on this site:*

352
