Plugin User Count

This Wiki Plugin displays the number of users for a site, group, or multiple groups (since Tiki14.1), on the site.

Parameters

Display number of users for a site or one or more groups
Introduced in Tiki 1.
Go to the source code
Preferences required: wikiplugin_usercount

Parameters	Accepted Values	Description	Default	Since
(body of plugin)		Group name. If left blank, the total number of users for the site will be shown.		
groups	groupname *separator:* :	List of colon separated groups where a consolidated user count for multiple groups is needed. Users in multiple groups are counted only once. If left blank then the behaviour is defined by the body parameter settings.		14.1

Examples

Entire site

This code:

```
{usercount}
```

Would produce on this site:
11510

Single group

By specifying the group `Admins`, the number of users in the `Admins` group will be displayed.

This code:

```
{USERCOUNT()}Admins{USERCOUNT}
```

Would produce on this site:
37

Multiple groups

This code:

```
{usercount groups="Admins:Team Developers"}
```

Would produce on this site:
355
