Re: Re: Wiki Plugins

Posted by Rick Sapir / Tiki for Smarties Mon 16 Jul, 2007 16:13 GMT-0000 posts: 27

My only concern was the "logic" of having a section titled **Not Plugins** on a page that is titled **Plugins** — seems to have the potential to confuse a lot of Tiki-ers. Rather, I'd call it "special" plugins (which is what I did). Feel free to change the name, as needed.
