Banners post not showing up.

Posted by dogshed Sat 12 Apr, 2008 12:01 GMT-0000 posts: 11 □ □ □ 🔒

Are posts I make on an article in the wiki supposed to show up in coffeshop?

I don't remember posting anything on Documentation » Features » Banners » Banner User but when I noticed the coffeshop link I discover that there is blank entry for Banner User.

I did make a comment on Documentation » Features » Banners but that does not show up in the coffeshop.

I'm very confused.

you probably just used the discuss link on that page

i posted reply to your comment on Documentation » Features » Banners
