Feature name and link

[Articles](#)

Description

Articles can be used for date-specific news and announcements. You can configure articles to automatically publish and expire at specific times or to require that submissions be approved before becoming "live." In addition to [categories](#) and [tags](#), articles include their own unique classification system of Topics and Types.

Dev (Bug reports & Feature requests)

Description en français

Annonces, informations produites à un rythme soutenu.
